

**BELARUSIAN STATE PEDAGOGICAL UNIVERSITY
NAMED AFTER MAXIM TANK
Department of Special Pedagogy**

The educational content of students with intellectual disabilities

Associate Professor of the
Department of Special
Pedagogy, PhD in Pedagogy
Sviridovich I.A.

Plan

1. Modern approaches to the definition of educational content.
2. Formation of educational content of students with intellectual disabilities on a competence basis.
3. Documents, which define the content of education.

The content of education is

pedagogical adaptation of the system of knowledge, skills and abilities, experience of creative activity and emotional attitude to the world, the assimilation of which ensures personal development (by I.Ya. Lerner).

РЕПОЗИТОРИУМ

Approaches to determining the content of education

- Knowledge-oriented
- Personality-oriented
- Competence

РЕПОЗИТОРИЙ БГПУ

Competence approach:

Features of the "new" lessons
on a competence basis

Ratio of knowledge and
competencies

Methods and techniques required for
students to master practical activities

Development of a competency
assessment system

Documents, which define the content of education.

- Educational standard
- Educational plans
- Learning programs
- Textbooks and tutorials
